

Mid-Winter Blahs?

The Recreation Committee has a few suggestions to brighten the season!

A Bundle up and get out in the fresh air and sunshine.

B If you skate, head over to Blake Hall, or Century Hall Rink, night or day for some excellent ice. Bring the kids and a thermos of hot chocolate. Be sure to use the skate shack if there's any wind. The lights go out at the skating rink at 10 pm but there's lots of hours to enjoy a game of shinny, or a casual game of broomball or even learn to skate. Park the car close to the rink if it's cold. We still have some cold days to take advantage of and believe me you will sleep well when you get home.

C Our Crafternoons will continue into March, the next being on Saturday, March 28th. Crafternoons are always from 12 to 4 pm.

All are welcome to bring any project where you need some quiet time and no interruptions. Paint, scrapbook, write, crochet, any craft you are working on. The coffee and cookies will be supplied to fuel your inspiration. See you there.

D The next big event on our calendar is the Annual Easter Egg Hunt for Neebing residents and families. April 10th is the date, with the hunt to commence at 1 pm **SHARP!** The Easter Bunny will be present to meet and greet the little ones and a Giggle of Clowns will entertain with face painting and balloon animals. Other features will be hot dogs available for purchase, refreshments for sale from the canteen and prizes for the lucky ticket holders. This event is free for everyone and fun-filled as well, to celebrate the Spring. [Ages 1 to 10 years are eligible for the egg hunt.] The site: Century Hall.

E Future events later in the year will be Canada Day, July 1, at the Municipal Office and Grounds that the committee is working on now, then our culminating event is the Harvest Dinner on Oct 10. Be sure to read your Neebing News as it will give you all you need to know about the gatherings upcoming. Every one is Welcome!

For more info, call Penny at 964-2270, or Dawne at 964-2750.

Spring is Almost Here...

Spring is just around the corner, which means starting April 1st fire permits are required and summer hours start at the landfill sites.

Summer hours at the landfill sites run from April 1st to September 30th each year. During this period, both sites will be open Saturdays from 9:00 am to 5:00 pm, as well as Sundays and Wednesdays from 4:00 pm to 8:00 pm.

Starting April 1st fire permits will be available online at www.neebing.org or from the Municipal Office, AJ's Trading Post and Green Acres Variety.

Notice of a Public Meeting - Being Held to Consider a General Amendment to Neebing's Comprehensive Zoning By-law

Please take notice that the Council of The Corporation of the Municipality of Neebing, sitting as Committee of the Whole, will hold a Public Meeting on **Wednesday, April 1, 2020 at 5:00 p.m.**, at the Neebing Municipal office (4766 Highway 61, Neebing, Ontario) to consider an amendment to Neebing's Comprehensive Zoning By-law (Number 2017-030) under Section 34 of the Planning Act, R.S.O. 1990, c. P.13, as amended.

The proposed amendment will increase the side yard set back for garages with side walls greater than 3.1 meters (10 feet) from the current requirement (which is 1.5 meters) to match the requirement for main buildings such as residences (which is 5 meters). The proposed change will apply to the Lakefront Residential, Residential 1, Residential 2 and Seasonal zones.

This amendment is being recommended due to the increased popularity of lofts and/or apartments being constructed over garages. The smaller setback for accessory buildings, such as garages, is suitable for smaller structures, but not suitable for buildings that are more similar in size and appearance to main houses than to accessory buildings. Large structures close to property lines can have negative impacts on the neighbouring residential property occupants.

ANY PERSON may attend the Public Meeting and/or make written or verbal presentations either in support of, or in opposition to, the proposed Zoning By-law Amendment. If a person or public body that files an appeal of a decision of the Municipality of Neebing in respect of the proposed Zoning By-law Amendment does not make oral submissions at this public meeting, or does not provide written submissions prior to the decision of the Council in the matter, the Local Planning Appeals Tribunal may not grant them status to maintain an appeal.

Written submissions can be forwarded to the Clerk-Treasurer at the address below. Submissions by regular letter-mail, facsimile, electronic mail or personal delivery are accepted, however, the onus is on the person submitting the information (by whatever means) to make sure that it was actually received.

DATED AT THE MUNICIPALITY OF NEEBING this 7th day of February, 2020.

We Want to Hear from You Survey - Community Safety and Well-Being Plan

Neebing is working with Gillies, O'Connor and Conmee to develop a joint Community Safety and Well-Being Plan. Part of developing the plan is working with community stakeholders to find ways to improve the circumstances that increase the demands of our police

and emergency services. We want to know what you think will help make our community a safe and healthy place. Please take some time to visit our website (www.neebing.org) or stop by the municipal office to complete the survey.

Notice of a Public Meeting - Being Held to Consider Staff Recommendations for the Formal Closure of Three Roads

Please take notice that the Council of The Corporation of the Municipality of Neebing, sitting as Committee of the Whole, will hold a Public Meeting on **Wednesday, March 20th, 2020 at 5:00 p.m.**, at the Neebing Municipal office (4766 Highway 61, Neebing, Ontario) to consider Staff Recommendations to close three roads in the Municipality. Authority to close roads is found in Section 34 of the Municipal Act, 2001.

The first road under consideration is shown on Plan of Subdivision Number M99 (south shore of Oliver Lake) as "Pete's Place". This very short road, branching off of Willowdale Road, was dedicated to the Province when Registered Plan of Subdivision M99 was finalized in 1962. At that time, Scoble was a township without municipal organization. There are no municipal addresses on either road. Rather, the lots on the Plan of Subdivision which are shown to front on Pete's Place have municipal addresses on Willowdale Road. The Municipality has never constructed nor maintained "Pete's Place" as a public road.

"Pete's Place" became the property of the Municipality when Scoble was amalgamated into Neebing on January 1st, 1999. Council is considering formally closing the road as such to prevent public access rights to property which is occupied currently by persons with abutting properties.

Pete's Place is listed in the Municipality's Road Maintenance Policy as an "unmaintained municipal highway".

The second road under consideration is shown on Plan of Subdivision Number M99 (south shore of Oliver Lake) as "John's Place". The comments above, with respect to "Pete's Place" apply equally to "John's Place".

The third road under consideration is known as "Garbo Road" and/or "Pine River Road". It exists on property that used to be Highway 61 before the highway was re-routed in the early 1950's. It branches off of Memory Road near the intersection of current Highway 61 and Memory Road. By order in council under the "Highway Improvement Act" as it then existed, the property was "transferred to the municipality within which it is situated" on May 11, 1953. A portion of the property is used as the road bed for that part of Memory Road that intersects with Highway 61. However, where Memory Road veers to the east, and "Garbo Road" (also known as "Pine River Road") continues along the former Highway 61 property, southerly, the property is not maintained by the municipality and functions as a driveway to a house with municipal address 28 Memory Road.

On the opposite side of Pine River, the property that was formerly Highway 61 continues, leading up to existing Highway 61. Adjacent lands to this portion of the property are vacant. There was once a bridge over the Pine River joining the two portions of property that used to be part of Highway 61, however, it is no longer there.

This property is listed in the Municipality's Road Maintenance Policy as a "private road". While the Municipality has never maintained the road as a public road, a formal closure is being recommended by staff to create more certainty for the general public.

ANY PERSON may attend the Public Meeting and/or make written or verbal presentations either in support of, or in opposition to, the proposed road closures.

Written submissions can be forwarded to the Clerk-Treasurer at the address below. Submissions by regular letter-mail, facsimile, electronic mail or personal delivery are accepted, however, the onus is on the person submitting the information (by whatever means) to make sure that it was actually received.

DATED AT THE MUNICIPALITY OF NEEBING this 7th day of February, 2020.

Erika Kromm, Clerk-Treasurer
Municipality of Neebing

Which Electronic Devices Can Be Recycled?

Neebing participates in the provincial electronics recycling program. Electronic waste can be brought to both landfill sites in Neebing. Ever wonder what products can be recycled? Below is a list of the devices that are accepted:

- **Display Devices** - Televisions and monitors, including various technologies such as Cathode Ray Tube (CRT), flat panel (LCD, LED and plasma) and rear projection.
- **Non-cellular Telephones** - Includes corded and cordless telephones, as well as telephone answering machines.
- **Home Audio/Video Systems** - Includes VCRs, DVD and CD players, speakers, amplifiers, receivers, data projectors and similar audio/video systems.
- **Desktop Computers** - Desktop computers (including those acting as servers).
- **Floor-Standing Photocopiers/Multi-Function Devices** - Floor-standing printing devices including printers, photocopiers, and multi-function devices.
- **Portable Computers** - Includes portable computers such as laptops, netbooks, notebooks and tablets.
- **Computer Peripherals** - Includes both wired and wireless manual input devices such as keyboards, mice and trackballs.
- **Desktop Printers/Multi-Function Devices** - Printers designed to reside on a work surface, including laser and LED, ink jet, dot matrix, thermal, dye sublimation and "multi-function" copy, scan, fax and print devices. Stand-alone desktop fax machines are also included in this category.
- **Personal/Portable Audio/Video Systems** - Includes docking speakers, portable stereos, portable CD players, portable audio recorders, tape/radio players, digital media (MP3) players, voice recorders, and digital and video cameras.
- **Home Theater In-A-Box (HTB) Systems** - Includes pre-packaged disc player/speaker/amplifier systems for use with video or television display to create a home theatre experience.
- **Vehicle Audio/Video Systems (aftermarket)** - Includes amplifiers, equalizers, speakers and audio/video components.
- **Cellular Devices and Pagers** - Cellular phones, including those offering camera, video recording and/or audio functions; smartphones (cell-enabled); cell-enabled PDAs utilizing touch-screen technology; cell-enabled handheld devices.

Before dropping off your electronic devices:

1. Assess if the device can be reused and given away.
2. Ensure the service account for the device is deactivated.
3. Clear your device of personal information including removing the SIM card.

Hymers Fair News

by Shannon Dodd-Smith

The Hymers Agricultural Society (HAS) Board of Directors is back in action for 2020!

We have our Strategic Plan to guide us; are talking upgrades for the Hot Dog Booth; have new surprises for the Children's Area; and have fresh new faces to help run the Fair!

Welcome Welcome Welcome New-comers!

Also, new ideas are swirling after delegates returned from the annual Ontario Association of Agricultural Societies (OAAS) conference; Roots to Harvest has packaged the seeds from Superior Seed Producers for our spring Seeds for School Program (you guys ROCK!); and I am looking for local talent for our spring Music Event and Hilltop Stage (contact Deb if you are interested). Never a dull moment 'round here!

It's shaping up to be another stellar year, though.

A leader (adult volunteer) is still needed to oversee one area of the Fair. And we are always happy to

welcome town folk to help out at our **monthly Bingos at Superior Shores Gaming. Anyone....Anyone? ...Bueller?**

Please call Deb at 475-8586 if you are interested. You won't regret it! Nicest bunch of people you ever did meet, those Hymers Fair folk.

Finally, I have not given up on my ideas for morning Workshops and Vege-Table at the Fair. So, PLEASE...if **you are a business who would like free promotion and opportunity to sell your product** in return for hosting a 1-hour workshop, contact Deb!

AND if you are a **grower...plan to bring your surplus veg and fruit to the Fair to sell!** People LOVE it! Again, contact Deb (above).

As always, find us on-line: hymersfair.com or on Facebook or Instagram or by emailing info@hymersfair.com.

PS: We meet 3rd Wednesday each month, 7 pm @ CLE Cardinal Room (Thank You CLE!); then Hymers Fair Grounds come spring.

Neebing Emergency Services

by Dale Ashbee, Fire Chief, Neebing

Staying Fire Safe as we 'MARCH' into Spring!

In Neebing, March can be a pretty exciting month! As I write this message on a sub-zero February morning, a look outside at the dirty snow banks, along with the sight of water dripping from the roof, I can observe signs that

winter is actually slowly, but reluctantly giving way to Spring.

In March we are excited when we realize that the days are getting noticeably longer, and the sun is becoming noticeably stronger, changes that regularly serve to push back the signs of winter.

In fact on Friday, **March 8th**, clocks will 'spring ahead' one (1) hour to adjust for the lengthening daylight. This date is a great time to check - and replace (if necessary) - the batteries in your smoke and CO alarms.

'Spring Break' from school is scheduled for the following week, giving students extra time to adjust to the change. If you're having a 'Stay Cation' this year, enjoy time at home with the kids - skating, skiing, snowshoeing, ice fishing or any other of the myriad of winter activities available at our doorsteps. This 'Spring Break' time provides a great opportunity to go over your home **Fire Escape Plan** with the kids - reviewing and practising what each one will do, and where they will meet outside - should a fire occur in your home or a smoke or CO alarm should sound (night or day).

If you are travelling during the Spring Break, ensure that you review (and make your family familiar with) fire escape plans - in the hotel, or at the residence where you are staying. It only takes a few minutes to review this plan, but should a fire emergency occur, those few minutes may prove to be the most important and valuable moments of your trip.

I am pleased to remind you that **March 20th** is officially the **1st Day of Spring, 2020!** March is an action packed month as our focus turns towards more outdoor activities - some folks may even be thinking about getting the BBQ going again. For the most part, fire safety concerns remain what we may call 'winter-focussed', with **Cooking, Heating** and **Carbon Monoxide** remaining as the key fire-safety issues during the month.

Follow the hyperlink for more reminders on fire safety tips for your home: home fire escape plan .

NES wishes you an enjoyable March, and reminds you to **Stay Safe** - whatever you do!

MURILLO MINOR ATHLETIC ASSOCIATION

2020 SPRING SOFTBALL LEAGUE

Hello Everyone! We are already preparing for the 2020 MMAA youth softball season. Have your kids take part in one of the most popular springtime leagues in the area. This year we are expanding and adding a Bantam Division, so there will now be five softball divisions:

Division	T-Ball	3-Pitch	Atom	PeeWee	Bantam
Birth Year	2016	2013	2010	2007	2004
	2015	2012	2009	2006	2003
	2014	2011	2008	2005	2002

The season begins Monday May 4th and ends Saturday June 20th with our annual Tournament and BBQ Day event! Games are played at the Murillo ball diamonds on weeknights. Teams normally play 2 games per week, on random evenings. T-Ball and 3-Pitch warm-up starts at 6 pm; Atom, PeeWee and Bantam warm-up starts at 5:50 pm. Game time is 6:30 pm.

DON'T MISS REGISTRATION!! Every year we have to turn kids away because they missed registration. Registration is done well in advance so we have time to organize teams, make schedules, find team sponsors and get uniforms in time for season start. Registration is on a first come, first paid basis. **In-person registration will occur at the Murillo Rink Shack behind the Murillo Community Centre on:**

Saturday March 7 th 10 am - 2 pm	Tuesday March 10 th 6 - 8 pm	Thursday March 12 th 6 - 8 pm
--	--	---

Additional reminders will be sent by email to past players; posted on the MMAA website; published in the Oliver Paipouge Newsletter; and flyers will be sent to the rural schools. **If you can't attend these registration dates, contact Joe or Karen before Saturday, March 7th to make alternate arrangements.**

VOLUNTEERS NEEDED: THANK YOU to all the MMAA volunteers who devote their time and ensure our softball league's continued success! New volunteers are always welcome to help with the following:

- MMAA Executive Members
- Team Coaches & Assistant Coaches
- Player Registration
- Team Organization / Game Scheduling
- Uniform Order & Distribution
- Field Clean-Up Day & Field Maintenance
- Equipment Supply & Maintenance
- Team Pictures
- Umpire Clinic & Scheduling
- Website Maintenance
- Tournament & BBQ Day Organization
 - > Picnic Tables & Tents
 - > BBQ Supply/Chefs/Food Service
 - > Trophies/Medals

SPONSORS NEEDED: Softball team sponsors are needed in all five divisions. Team sponsors will have their business name / logo printed on team shirts and hats.

FOR MORE INFORMATION: Visit our website at mmaa.tbay.me; or contact Joe and Karen Ladouceur by email at mmaa1@tbaytel.net; or call or text 620-1831.

What's Been Happening at Council Meetings?

Since our last "what's been happening" article, written for the February edition of the Neebing News, there has been one special meeting and two regular meetings of Council, both held on February 5 and 19, 2020.

At the special Council meeting (sitting as Committee of the Whole), reviewed two planning applications on Valley Road West and Highway 608. At the regular Council meetings, the following matters were considered:

- An appointment to the Lakehead Police Services Board.
- An appointment to the Cemetery Board.
- Possible locations for a promotional video shoot.
- Presentation from Nor'Wester Maple regarding operations in Neebing
- Resolutions from the Ontario Federation of Agriculture Annual General Meeting
- Ontario's consultation on the new poverty reduction strategy
- Resolution regarding the transition of blue box to full producer responsibility
- Presentation from Environment North regarding a possible deep ground repository for nuclear waste in Northwestern Ontario.

This monthly article contains only highlights from Council meetings - visit the website to see the approved minutes from each of the meetings. The minutes of each meeting are approved at the following meeting, and are posted on the website once they have been approved and signed. If you don't have internet capabilities, you can always contact the office for copies of approved minutes.

Meeting agendas are always posted on-line and on the bulletin board at the Municipal Office, on the Friday prior to the Wednesday meeting. The full agenda package, including all of the public reports, is published to the Neebing website on the Monday prior to the meeting. Come out and see what your Council is doing on your behalf. Feel free to contact the Municipal Office for further information or with input into any of the items that Council is considering.

Looking for Volunteers

The Municipality of Neebing is having a video produced in the near future, showcasing the beauty of the area. Interested in being in some stock photos and a video? This will involve doing outdoor activities such as hiking, playing, skating, skiing, etc.

Note: We will be using this material in promotional items and on our

website. You will be responsible to use your own equipment (i.e. if you are captured skating, you will have to use your own skates).

Contact Neebing's Economic Development Officer Intern, Courtney, at development@neebing.org if you wish to be involved. You can also come into the Municipal Office, our call us at 474-5331.

4H News *by Susie Rietdijk*

Learn To Do By Doing

We have had a great start to the year! We now 20 members registered for 4H here in Thunder Bay!! We love that the club has grown so much!

4H Thunder Bay has been in the kitchen cooking up different breakfast foods. We have made smoothies, muffins, oatmeal cookies and more. Also we looked at different cereal labels to see what choice would be the healthiest to start off your day. We compared farm fresh eggs from store bought eggs. We are thankful to Pinegrove Church for donating the kitchen and dining

hall for us to use. Our Breakfast Bonanza achievement night will be held on March 11th. We had a lot of fun with this project.

A new project will start after March break, the start date is to be determined.

Please contact myself, Susie 935-2787 or Jean 935-2587 for more information about 4-H.

LAKEHEAD REGION
CONSERVATION AUTHORITY

submitted by
LRCA Staff

Staff conduct snow surveys on a bi-monthly basis on the 1st and 15th of the month between November and May of each year. There are three historical snow survey locations which are located at Hazelwood Lake Conservation Area (Current River), Madeline Street (McVicar Creek), and Vibert Road (Pennock Creek). Snow depth and weight (water content) are collected and forwarded to the MNRF's Surface Water Monitoring Centre as part of the Flood Forecasting Program.

The February 1, 2020 snow surveys indicate that the snow survey locations are above average (1974-2019) for snow and water content, when compared to the historical averages for February 1st. The water content results were 68% above average for the three snow courses. The next snow survey measurements will be taken on February 14, 2020.

Great Lakes water levels continue to be well above average. Lake Superior's beginning of February level was 38 cm above its period-of-record (1918-2019) average, 10 centimetres higher than the level last year and 1 cm above the previous record high set in 1986. The current water level is approximately 56 centimetres lower than the 100-year flood level for Lake Superior. Assuming average water supply conditions, Lake Superior is expected to continue its seasonal decline into March. Ice cover on Lake Superior as of February 10, 2020 was 6.8%, which is well below average, and considerably less than the over 90% ice cover experienced in 2019.

Spring is fast approaching, which means that ice conditions are becoming more unstable. This is a friendly reminder to exercise caution around waterways. Also, be sure to wear appropriate footwear while visiting Conservation Areas. The LRCA does not maintain trails during the winter, so conditions may range from deep snow to ice-covered to muddy and wet. With nicer weather on the horizon, visitation to

Conservation Areas is going to increase, so we would like to remind visitors to use caution, as natural trails may be uneven and slippery. It's always a good idea to prepare for how the weather may affect your visit. Be sure to advise others of how long you expect to be in this area, and you should be aware of possible encounters with wildlife and insects such as bears and ticks; plants such as poison ivy may also be present. Conservation Areas operate from dawn until dusk. Pets must be on-leash at all times. Alcohol is prohibited in Conservation Areas. Campfires and overnight camping is also prohibited. Trails are for recreational use only; no bicycles, motorized vehicles, etc. Harvesting of any kind is prohibited. Visitors must adhere to all Conservation Area Rules & Regulations. These regulations are in place to ensure that all visitors to Conservation Areas can enjoy them in a safe, sustainable manner.

Be sure to Follow, Like and Share the LRCA on social media. Our Facebook, Twitter and Instagram pages endeavor to effectively communicate with residents of the Lakehead Watershed. We share flood messages, up-to-date events information, interesting facts and gorgeous photography with our followers, and we would love it if you would join in on the conversation.

The 2020 Explore Card Parking Pass is available now. Forgo the \$2.00 per vehicle parking fee with an Explore Card. They are valid for one full year at all seasonal and year-round Conservation Areas and publicly-accessible Forest Management Properties! Visit us at 130 Conservation Road or order online at www.lakeheadca.com.

Be sure to regularly check our website for up-to-date information about upcoming events. The LRCA has some great events planned for 2020. Visit www.lakeheadca.com for more information.

Get out and Explore!

TOURISM IN NEEBING

WWW.NEEBING.ORG/DOING-BUSINESS.HTML

Know someone that has always wanted to open up a café? Maybe an outfitting service or an Airbnb?

The Municipality of Neebing has just released a Request for Expressions of Interest for Tourism-based Business on our website.

You can access the full release on our website at www.neebing.org/doing-business.html As always, the public is welcome to any #economicdevelopment advisory committee meeting to learn more.

Committee meetings are the last Monday of each month at 5:00 at the municipal office.

NEEBING FIRE AND RESCUE ASSOCIATION (NFRA)

Brief History of NFRA

by Carole Aitken
(caroleaitken1989@gmail.com)
President NFRA

- NFRA began in the early 1970's as there were no organized emergency services.
- Group of volunteers dedicated to raising funds for emergency needs and to improve the level of community well-being and safety.
- Early efforts included acquiring water packs and portable pumps to protect residents from grass and brush fires.
- Constant and steady work lead to the creation of a Volunteer Fire Department, **Neebing Emergency Services (NES)**, including the acquisition of fire trucks and fire halls, essential firefighting equipment, the development of a **First Response Pre-ambulance Care Team** to provide immediate and bridge care to trauma and medical emergency care during the wait for an ambulance.
- Today there are 5 fire halls, 36 volunteer fire fighters/first responders and up to date emergency equipment.
- They respond to approximately 100 incidents per year.

TO DONATE TO NFRA

NFRA is a registered charity. Donors receive a charitable receipt for their donations. Since 2010 we have deposited \$18,500 from donations. The motive for donating varies. It has been in memory of someone's passing, in appreciation of the Neebing Emergency Service's (NES) help during a time of need, donating an old vehicle through Donate a Car and sometimes it is just because people want to support local initiatives. Regardless of the reason, the funds are greatly appreciated and go toward purchases of emergency equipment for NES. Please consider adding NFRA as one of your charities of choice. Donations can be made by writing a cheque to NFRA and mailing or dropping off at the Neebing Municipal Office. You can also make a secure online donation through Canadahelps.org. Simply type **Neebing Fire/Rescue Association** in the search on the site to find our page. Canada Helps will send the receipt directly to your email address. If you are donating a vehicle you will find the Donate a Car link on the Municipal website.

NFRA and NES appreciate your support.

UPCOMING NFRA EVENTS

- **Annual General Meeting:** (AGM) Monday April 27 6:00 pm. Municipal office. Election of new board, executive chosen, year end financial approved. All welcome.
- **Pop can cleanup:** Friday May 1st, Saturday May 2nd, and Sunday May 3rd, from 10:00am to 1:00pm at 260 Farm Road. Volunteers needed.
- **Bluegrass & Old Tyme Music Concert:** Saturday May 9th, Mink Mountain Lodge, 6:00pm doors open, 7:00 pm concert. Tickets \$15.00 per person available April 14th.
- **Tailgate Sale:** Saturday June 20th, 10:00am to 2 pm. Municipal Office. Baking and Penny Auction donations welcome. Looking for BBQ sponsorship of \$250.00.
- **Little Trout Day at the Bay:** Saturday August 22nd, 10:00am to 3:00 pm at Little Trout Bay Conservation Area. BBQ and Displays.
- **NRFA** will be launching a fundraising campaign to purchase new emergency equipment for the new fire truck, watch for details soon.
- Volunteers needed for bingos.

Contact Carole at caroleaitken1989@gmail.com. for information or to volunteer.

Beyond Books: You Can't Judge a Library Book by its Cover

submitted by Beverly Ball
on behalf of the Oliver Paipoonge Library Board

At times, it is a bit hard to describe or put into words the Library's value and how it contributes to our health and well being. You cannot always judge a library by its cover or simply by its books. One way that we can look at our Library's value is to look at how users respond to the varying services and programs. You might see the sparkle in a mom's face as she watches her young family master new skills, or you might see the smile of an older adult who is learning new information in their quest for life long learning, or you might see the teen building their self es-

teem and growing in confidence while exploring career paths or finding common interests amongst other peers.

We also look at usage and interests through the number of visits and program attendance. Over the last 5 years, the total no. of visits at both the Rosslyn and Murillo Libraries has increased significantly by almost 7,000 (from 13,250 to 20,187 visits). In 2019, 151 new members joined the Library, programs saw a 30% increase in attendance, and ebooks soared to a 47% increase

with 4,500 books being checked out. Our Library's value and importance has become more and more significant over the last decade. As our community grows and changes both in population and interests, the Library responds by providing services and programs to meet the many varying needs of rural residents. People of all ages, abilities, and backgrounds come to the Library for many reasons including connecting with others in a welcoming and inclusive environment. It is important that the Library understands and continues to listen to the needs of our residents.

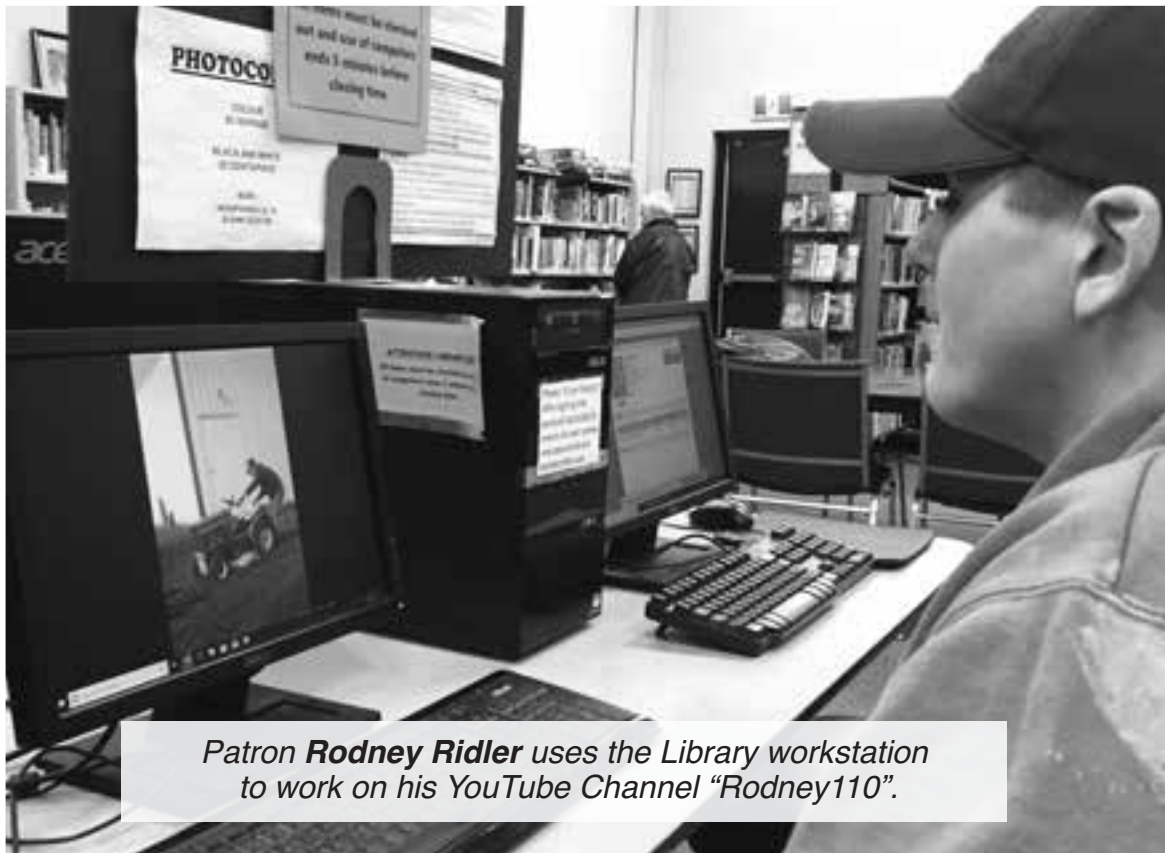

One of the areas that the Library is working on is to better meet the needs of people with disabilities. Under the Accessibility for Ontarians with Disabilities Act (AODA), the Library is required to make programs and services accessible. To help meet this legislated requirement, the Library is looking at improving its front desk service by investing in a front desk that has varying heights which will help staff better serve everyone including

those who use a wheelchair. This improvement will help create better access to library services for all people in our community. Funding for these kinds of initiatives are, in part, supported by fundraising events.

Recently, the Library hosted a fun, educational event to raise funds towards items such as new front desks that are not funded in the annual budget. Rosslyn resident, **Doug Ratz**, presented an evening of interesting facts about five different kinds of whiskey from around the world. Participants not only enjoyed learning about the different kinds of whiskey, their origin and tastes, but were also treated to foods from the country where the whiskey originated. Canada's whiskey proved to be one of the most popular and the most enjoyed by participants. When the whiskey was paired with **Marilyn TenHave's** homemade butter tarts made with pure maple syrup, it was simply delicious! The overall evening was a delight to all who attended. Participants commented on how it was the best whiskey tasting event that they had ever attended.

Our many thanks to the businesses and individuals who sponsored the event: **Kakabeka Esso; Don Kamula; Kubota; Bruno's Contracting; and Valley Foods Murillo.**

Congratulations and thanks to the staff and many volunteers involved who made this event so successful.

Patron **Rodney Ridler** uses the Library workstation to work on his YouTube Channel "Rodney110".

MURILLO MINOR ATHLETIC ASSOCIATION

2020 SPRING SOFTBALL LEAGUE

Hello Everyone! We are already preparing for the 2020 MMAA youth softball season. Have your kids take part in one of the most popular springtime leagues in the area. This year we are expanding and adding a Bantam Division, so there will now be five softball divisions:

Division	T-Ball	3-Pitch	Atom	PeelWee	Bantam
Birth Year	2016 2015 2014	2013 2012 2011	2010 2009 2008	2007 2006 2005	2004 2003 2002

The season begins Monday May 4th and ends Saturday June 20th with our annual Tournament and BBQ Day event! Games are played at the Murillo ball diamonds on weeknights. Teams normally play 2 games per week, on random evenings. T-Ball and 3-Pitch warm-up starts at 6 pm; Atom, PeelWee and Bantam warm-up starts at 5:50 pm. Game time is 6:30 pm.

DON'T MISS REGISTRATION!! Every year we have to turn kids away because they missed registration. Registration is done well in advance so we have time to organize teams, make schedules, find team sponsors and get uniforms in time for season start. Registration is on a first come, first paid basis. **In-person registration will occur at the Murillo Rink Shack behind the Murillo Community Centre on:**

Saturday March 7 th 10 am - 2 pm	Tuesday March 10 th 6 - 8 pm	Thursday March 12 th 6 - 8 pm
--	--	---

Additional reminders will be sent by email to past players; posted on the MMAA website; published in the Oliver Palpoonge Newsletter; and flyers will be sent to the rural schools. **If you can't attend these registration dates, contact Joe or Karen before Saturday, March 7th to make alternate arrangements.**

VOLUNTEERS NEEDED: THANK YOU to all the MMAA volunteers who devote their time and ensure our softball league's continued success! New volunteers are always welcome to help with the following:

- MMAA Executive Members
- Team Coaches & Assistant Coaches
- Player Registration
- Team Organization / Game Scheduling
- Uniform Order & Distribution
- Field Clean-Up Day & Field Maintenance
- Equipment Supply & Maintenance
- Team Pictures
- Umpire Clinic & Scheduling
- Website Maintenance
- Tournament & BBQ Day Organization
 - Picnic Tables & Tents
 - BBQ Supply/Chefs/Food Service
 - Trophies/Medals

SPONSORS NEEDED: Softball team sponsors are needed in all five divisions. Team sponsors will have their business name / logo printed on team shirts and hats.

FOR MORE INFORMATION: Visit our website at mmaa.tbay.me; or contact Joe and Karen Ladouceur by email at mmaa1@tbaytel.net; or call or text 620-1831.

The Rural Pharmacist: The Coronavirus and Global Outbreaks

by Henry Tempelman, Pharmacist & Owner Kakabeka Falls/Rosslyn IDA Pharmacies

The novel Coronavirus has the world's attention, and rightfully so. At the time of writing, China has reported approximately 75,000 cases and 2121 deaths while another 1076 have been reported from 26 other countries, including 7 deaths.

There's so much that we still don't know about the coronavirus. These outbreaks tend to spread fast and scientists are faced with the challenge of racing to find solutions to respond. Misinformation can spread even faster yet, especially with social media, and it's important to focus on what we do know and what we can do.

There were early comparisons between the Coronavirus and the SARS outbreak in Toronto in 2003, but ex-

perts say the Coronavirus isn't like SARS. One big difference is when it is transmitted.

After exposure to most viruses, there's a period of time when it grows in your body and eventually, you become contagious and infectious- this is called the "incubation period". You usually become contagious right before you get sick and show symptoms. For example, Influenza (the Flu) generally has an incubation period of 2 days, while you're probably infectious 12 hours before the symptoms appear. This is why the flu can spread so quickly. If Bob is contagious with the flu before he is showing symptoms and comes in contact with a plane full of people, then that plane full of people can grow the virus within 2

days (the incubation period). These infected people will then be contagious to the people they come in contact with in the next day or so, and the virus will continue to spread in that fashion.

Regarding the Toronto SARS virus from 2003, it had a different pattern in how it spread. It didn't spread before you got sick, but rather you were infectious while you were sick and the sicker you got then the more infectious you became. These diseases spread heavily in hospitals and that is why so many healthcare workers were affected by SARS.

There was a lot of concern among healthcare workers when news of the Coronavirus emerged, but there haven't been hospital outbreaks in China, which is good news. The bad news with the Coronavirus is that it spreads similarly to the majority of other viruses, in that you can be contagious even before you get sick. More of the good news- since SARS there has been significant investments in global communication for detecting and managing potential outbreaks. When SARS 2003 happened, Toronto didn't know they had any cases until they had 40 cases. With Coronavirus, it was detected and identified early. Patients with characteristic symptoms were properly screened, diagnosed and then efforts were made to find potential contacts they may have had in recent days.

When analyzing and comparing the SARS scenario vs the present Coronavirus scenario it is truly amazing how fast public health officials moved to limit the spread. China has done some impressive work in building a hospital in just 10 days for patients, along with shutting down international travel from Wuhan (where the virus originated from).

I understand this might not fall under "light reading", but it is fascinating, and also a little unsettling, how unique these illnesses are and how little we may know. Hopefully, China's quarantine is able to slow and stop the spread. They are doing everything they can and if they can't control it with the public health measures they are taking then it will be a valuable lesson for the world. How can we better prepare so that we are in a better position to react to these situations? What if a virus like this started in a less developed country that didn't respond quickly? I feel terrible for everyone in China. It is a scary situation, but one that we must learn from. Chances are slim that we will be affected here in our hometown by the coronavirus, but this can still serve as a lesson to help prevent other communicable diseases. Wash your hands, cover your cough, stay home when you're sick, make sure your vaccinations are up-to-date. If you've never gotten your flu shot because "you've never gotten the flu" then do it for those around you.
